RESUME

Mark W. Bailor, PLA, LEED A.P. **Landscape Architect / Associate**

Mark Bailor, LEED AP brings over 9 years of professional experience in the Landscape Architecture industry into his role as a Landscape Architect within The LA Studio, LLC. His range of experience and project types include community planning, parks and recreation, athletic fields, mixed-use development, transportation enhancement, streetscapes, single and multi-family residential design and project management. Mark is able to draw on his experience to create functional, inviting and aesthetically pleasing spaces. Mark contributes greatly to the production and design of projects utilizing his skills in AutoCAD, Microstation, Photoshop, Illustrator, InDesign and SketchUp. Mark is an integral part of all phases of our projects, from the initial project programming to conceptual and schematic design through the preparation of construction documents.

Mark is a LEED certified professional and is dedicated to incorporating sustainable and best management practices into his work.

Education

Oklahoma State University
BS Landscape Architecture, 2007
